Fire Building Level 2 - Lesson Plan

Key Points to Cover:

1 – Build the fire ring

2 – Putting out the Fire

3 – Types of Fires: Council Fire or Box Fire

Supplies Suggested:

Bring in wood to actually build the fire as an example. Physically construct the fires taking time to show how each layer is constructed for proper air flow and flame travel is key. Also show them they need to build in a way to light the fire.

Activities to Reinforce Lesson:

The Ring Game: This is a timed game. Divide the group into teams or individuals. In 10 minutes have each team gather the materials to make a fire ring and construct it. The one closest to a 6 foot ring wins.
