Fire Building Level 5 - Lesson Plan

Key Points to Cover:

1 – Review fire basics: Site prep, ring, tinder, kindling, wood.

2 – Construction Technique – air flow, flame travel.

3 – Upside Down fire

Supplies Suggested:

Fire planning supplies, tinder, kindling, wood.

Activities to Reinforce Lesson:

Build the upside down fire and if permitted where you are light the fire and show how it burn down on itself.

Devotion:
