OBJECTIVES
CHAPTER 3—COOKING IN THE HOME

Recruit

1. Demonstrate the proper use of the following kitchen utensils and appliances.
   A. Measuring spoons B. Measuring cup C. Spatula
   D. Mixing spoons E. Microwave oven
2. Cook a simple snack using the utensils above and a microwave oven.

Camper

1. Demonstrate the proper use of the following kitchen utensils and appliances:
   A. Hand beater D. Wire whip
   B. Blender E. Stove top
   C. Spatula
2. Cook a simple meal using the utensils above and the stove top.

Frontiersman

1. Demonstrate the proper use of the following kitchen utensils and appliances.
   A.Oven B. Slow cooker
2. Follow a recipe to make a desert requiring baking.
3. Cook a meal for your family using the utensils above.
4.

CHAPTER 4
Home Repair and Carpentry

Our Lord's father, Joseph, was a carpenter. Do you think that Joseph showed Jesus his tools and how to use them. I'll bet that he did! In our bible, let's read from Mark, chapter 6 starting with the 3rd verse, speaking about Jesus,

'Isn't this the carpenter? Isn't this Mary's son and the brother of James, Joseph, Judas and Simon?'

The bible also talks about working with your hands. In 1st Thessalonians, chapter 4 starting with the 11th verse,

'Make it your ambition to lead a quiet life, to mind your own business and to work with your hands, just as we told you, so that your daily life may win the respect of outsiders and so that you will not be dependent on anybody.'

As we begin to talk about home repairs and carpentry, please ask your Dad or Mom to work with you. We will be listing quite a few tools and hopefully you have them in your home. Also, we will be listing a number of typical home repairs. Again, work with your Dad or Mom, so that you can learn about these repairs at home. If you don't have some of the tools, talk to your Train Leader and he can show you his tools. We won't be talking about how to do these re-

pairs in this chapter because it would take many pictures and words to describe the repairs. So, working with your Dad or Mom and Train Leader, let's start working with our hands!

Why should we learn about home repairs and carpentry?
Now, and especially when you get older and become an adult, you will need a knowledge of tools and repair methods. Starting now, you may have to repair your bicycle. Even now, your Dad or Mom may want you to help them with some of the repairs around your home. In your Pioneer Train, you may be working on wood working projects and handicrafts. Later on, as you get older, you'll probably have a car and a home someday. All man-made things require repair from time to time. At the present time, if you pick up a knowledge of simple tools and how to use them on simple repairs or projects, that knowledge will greatly help you as you grow up in life. So, let's start now to learn about tools, carpentry and home repairs.

HAND TOOLS

There are thousands of hand tools available and most of them have a specific application for their use. Go visit a hardware store and look around at all of the tools available. We will only list some simple hand tools that are normally used around your home. Here's a simple list:

Hammer	Hand Saw	Block Plane	Staple Gun	Pliers
Screwdriver(s)	Chisel(s)	Level	Wire Cutter	Measuring Tape
Hack Saw	Socket Wrench	Square	Adjustable Wrench	Nail Punch

If you want to have a basic tool box for the hand tools listed, here are the tools listed above that should be in it:

Hammer	Pliers	Screwdriver(s)	Measuring Tape	Chisel(s)
Square	Nail Punch	Wire Cutter	Adjustable Wrench	

The other tools listed are either too big or come as a set and will not fit in a basic tool box.

POWER TOOLS

We are only going to list three simple power tools. There are hundreds of power tools in the hardware store but many of them are very dangerous and at your current age, should not be used by you. Here are the three simple power tools:

Electric Hand Drill Electric Screwdriver Electric Glue Gun

SIMPLE REPAIRS YOU CAN DO

Squeaky Door	Clogged Toilet	Hanging Pictures	Caulking
Sticky Door	Leaky Faucet	Hanging Shelves	Install a Lock

SUMMARY

To pass 'Home Repairs & Carpentry' Pioneer Skills, your Train Leader will ask you to demonstrate how to make some home repairs and projects. So, get started now at home working with your Dad or Mom and work with your hands!

OBJECTIVES
CHAPTER 4—HOME REPAIRS AND CARPENTRY

Recruit

1. Demonstrate the proper use of the following tools:
   - A. Hammer
   - B. Hand saw
   - C. Screwdriver
   - D. Pliers
   - E. Measuring tape
   - F. Adjustable wrench
2. Demonstrate the correct way to repair the following problems:
   - A. Squeaky door
   - B. Clogged toilet

Camper

1. Demonstrate the proper use of the following tools:
   - A. Staple gun
   - B. Block plane
   - C. Hack saw
   - D. Level
   - E. Chisel
   - F. Square
   - G. Socket Wrench
2. Demonstrate the correct way to do the following projects:
   - A. Hanging pictures
   - B. Caulking
3. List the tools that should be in a basic tool box.

Frontiersman

1. Demonstrate the proper use of the following tools:
   - A. Electric hand drill
   - B. Electric screwdriver
   - C. Electric glue gun
2. Demonstrate the correct way to repair the following problems or carry out the following projects:
   - A. Sticky door
   - B. Leaky faucet
   - C. Hang shelving
   - D. Install a lock
3. Complete a project that includes the skills you have learned and uses most of the tools you have learned about.

CHAPTER 5
Budgeting

Budgeting? Yuck!! Who wants to learn about budgets and stuff like that? Well, hopefully you do! Your parents have a budget, your congregation has a budget and I'll bet that your Pioneer Train has some kind of a budget too! Webster's Dictionary explains the word 'budget' as a plan for systematic spending. Also, to budget, is to plan one's expenditures of money, time, etc. So, a budget can be a plan, not only for logical spending of money, but also for your time as well. In our bible, the word 'budget' is not used, but the word 'plan' is. Basically, a budget is a plan. In Isaiah chapter 48, the 11th verse says,

'What I have said, that will I bring about, what I have planned, that I will do.'
