Fire Safety Level 2 - Lesson Plan

Key Points to Cover:

1 – Three rules of nature for camp fires

2 – Distance from the fire and never walk between someone seated by the fire and the fire itself.

3 – What is smoke

4 – Safety while cooking: Never stand behind or sneak up on someone cooking.

5 – The five general rules of campfire safety

6 – The 10 steps to extinguishing a campfire.

Supplies Suggested:

A 20’ tape measure and side walk chalk.

Activities to Reinforce Lesson:

Draw a campfire with the chalk and have the boy stand where they think 20 feet away from the fire actually is. Determine the winner by actually measuring the distance.

Devotion:
